

Andy Park

Full Stack Web Developer

☎ +1(831)-737-8184 ✉ apark1214@gmail.com 📍 Orange County, CA [in Andy's Linkedin](#) [🔗 Andy's GitHub](#)

Technical Skills

- **Strong:** JavaScript (ES5/ES6), React, HTML5, CSS3, Bootstrap4, Flexbox, RESTful APIs (AJAX/Fetch)
- **Experienced:** Node.js, Express.js, PostgreSQL, localStorage, Responsive Web Design, JSON, OOP, Procedural Programming, express routing
- **Tools:** Git, GitHub, VS Code, npm, Zoom, Slack, Figma, Docker, React Dev Tools, Babel, Webpack
- **Hardware:** SSD, M.2, PCIe, NVMe, 3D TLC, MLC, SLC, P/E cycle, R/W Speed

Application Developed

FlightTrack247 | [Heroku](#) | [GitHub](#)

- A full-stack web/mobile application that utilizes **Express.js, Node.js, React, Bootstrap4, PostgreSQL, Babel, Webpack**, and **npm** that allows users to search all the flights currently in route as well as retrieve selected airport departure and arrival information.
- Built backend-server using **Express.js**, to handle **express routing, CORS Policy** and to retrieve data via **Fetch calls** to OpenSky-Network API.
- Developed mainly utilizing **React** to create a dynamic reusable components designed with **CSS3** as well as **Bootstrap4** for **mobile responsiveness**.

CarHealth+ | [Heroku](#) | [GitHub](#)

- A simple web application that allows users to search vehicle's service list, complaint logs, and maintenance data logging.
- Retrieved and implemented data objects returned in **JSON** utilizing of **AJAX** call to carMD and NHTSA.
- Prototyped the layout structure using **Figma** and implemented mobile responsive design layout using **HTML5, CSS3, and Flexbox**.
- Handled web API information and functionality using **JavaScript** to render information to the **DOM**.

Professional Experience

Account Manager, Transcend Information

March'20 - October '20

- Worked cross functionally with marketing, technical support and logistics team to provide supply chain/logistics, service support and RMA.
- Collaborated with all levels of engineering team to provide technical solutions, resulting in gaining \$9.5 million USD in B2B projects.
- Communicated with all levels of procurement team to negotiate contracts based on global index pricing to maintain or secure projects.

Account Manager, Lotte Advanced Materials (Samsung)

March'17 - 'March'20

- Closely collaborated with procurement, engineering, and logistics team which resulted in increase of gross sales by 19% in plastics sector.
- Communicated with HQ team in S. Korea to plan, produce, and ship 8 to 12 weeks of rolling forecast inventory totaling \$ 18.7 million USD.
- Promoted to Level II account manager, which resulted in managing global level accounts such as GE Appliances, Whirlpool, and Electrolux.
- Analyzed raw material market trend and demand rate in North America to forecast rolling quarter demand, supply, and pricing predictions.

Sales Representative, Bunzl Distribution

March'14 - 'March'17

- Generated \$1.5 million in sales 1st year, by working together with the buyers and vendors to promote new ideas and packaging innovations.
- Interacted with overseas and domestic plastic bag manufacturers, to convert over 2 million bags to re-usable bags upon approval of proposition 67 (SB270) in California.

Education

Public Health Sciences | *University of California, Irvine*

- Bachelor of Science-Public Health Sciences (Genetics and Epidemiology)

Accelerated Web Development Program | *LearningFuze*

- 800+ hours of programming (70+ hours/week) in a simulated work environment.
